I. 次の英文を読んで、それに続く設問に答えなさい。

Welcome to Orpington Castle!

Orpington Castle, located in Southeast London, is one of England's most beautiful sight-seeing spots with a thousand-year history. This pamphlet will help you make the most of your visit to the Castle today. You can learn the history of the site and what to see and do. You will learn how the castle was founded, how it grew during the Middle Ages and the role it played as a military hospital during World War I.

The Main Tower

This is the oldest part of the castle. It was (1) constructed in 1070 by Rupert Grint, first Lord of Lewisham. Climb to the top of the 257 stone steps of the spiral staircase to see amazing views of the countryside. If the weather is very clear, look south and France may just be (2) visible.

The Great Hall

This large wooden room next to the Main Tower is where the Lord and his knights held huge parties and dinners. Up to 200 guests, including kings and queens, ate, danced, and watched exciting entertainment. However, be careful because the hall is said to be haunted by the ghost of the 10th Lord Lewisham who mysteriously died during dinner in 1503. Many people have reported hearing ghostly music and sounds from parties long ago.

The Kitchen

To the left of the Great Hall, you can see the original Castle Kitchen. Inside you will find an exhibition of historic food and cooking techniques. See the fireplace that was large enough to roast a (3) whole cow. At the back of the kitchen, you will see the herbal room, where flowers and herbs were mixed to create natural medicines.

The Gardens and Tea Room

Look behind the Great Hall and you will find the Tea Room where you can stop for (4) refreshments. Scones, cream teas, and sandwiches made with local cheese can be (5) purchased here. Hot meals, such as soup and toasted sandwiches, are available at weekends and daily in the summer. We ask customers not to feed the ducks as bread is bad for them. Special duck food can be bought at the kiosk by the lake.
